Controls

Use the → and ← arrow keys on your keyboard to navigate your ship in the wanted direction.
To shoot bullets from the top of your ship, press `Space`.
To pause the game at any time, press `P`. To continue, press `P` again.
To get a short break of 5 seconds, press `B`.
To quit the game at any time, press `Q`. Don't worry, your high score will be saved.
To edit or set back the high score, enter the 'high_score.txt' and alter the integer value.
To mute the game, press `M`. Press `M` again to hear all sound effects.
Press `H` if you forgot controls or short cuts. A pdf file will open and the game stops automatically. Press `P` to resume.
